

1000-GU Series

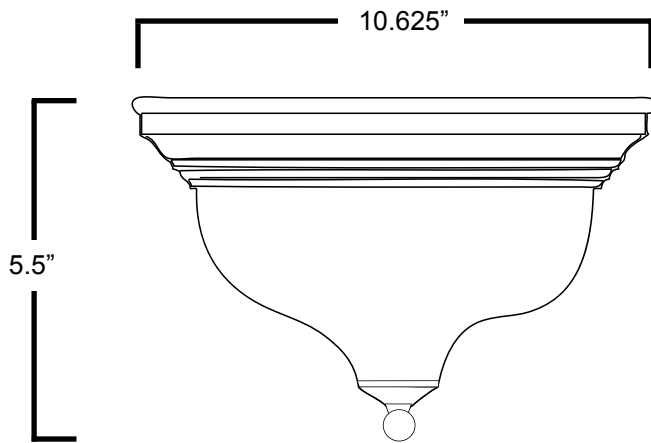

1000-GU Series

The 1000-GU ceiling fixture has a very special Swirl Frosted Glass cell. Rather than affecting the light output or creating shadows, the cell evens out the light in the room. The base is made with aluminum, and has been powder coated in white. While basic, the 1000 ceiling lamp manages to create a smooth and comfortable atmosphere in the applied space. This fixture holds one light bulb, perfect for decorative use in a living room, or as a main light source of a small dining room. The 1000-GU ceiling fixture is FCC certified, UL listed and Energy Star certified.

1000-GU Series
