

# 1004-GU Series

## 1004-GU Series

The 1004-GU is a new product from our residential lighting line. Like all of our residential line of fixtures, the 1004-GU is both energy saving, and stylish. The Alpine Frost Glass shell does not only give your house a modern decoration, but also provides softer lighting while simultaneously evening out the light, creating a glowing highlight on your furniture. The Rubbed Bronze is tightly secured to the glass shell, and also holds two light bulbs inside. This product is perfect for any residential application, including room decoration, interior design, and home office environments. The 1004-GU is FCC certified, UL listed and Energy Star certified.

# 1004-GU Series
