

1005-GU Serious

1005-GU Serious

The 1005-GU is a new product from our residential lighting line. Like all our residential lights, it is stylish and energy efficient. The Opal Glass softens and evens out the light, while making a charming match for the Brushed Nickel finish. The glass shell is tightly secured to the structure, and holds two light bulbs inside. It is good for all residential applications, including room decoration, interior design, and home theater environments. The 1005-GU is FCC certified, UL listed and Energy Star certified.

1005-GU Serious
