

2002

2002-GU

The 2002-GU is a new product from our residential lighting line. It is one of the wall mount lamps from our Opal Glass product line. It is one of the brightest wall mount lamps due to its small size and the fact that it holds two light bulbs. The Opal Glass softens and evens out the light and makes a great match with the Brushed Nickel finish. The user can match with the other Opal Glass products to create a top of the line modern room. This product is good for all residential applications, including room decoration, interior design, and home theater environments. The 2002-GU is FCC certified, UL listed and Energy Star certified.
