

3003

3003-GU

The 3003-GU is a new product from our residential lighting line. This fixture is a dual lamp design and can be placed in bigger spaces, but also provides enough light for nearby objects. Like all our residential fixtures, it is energy saving and very stylish. This product also boasts a compact frame, and maintenance is easy to perform if needed. This wall mount lamp will be a great match with our other Champagne-Washed Linen Glass product. It is good for all residential applications, including room decoration, interior design, and as a hallway light source. The 3003-GU is FCC certified, UL listed and Energy Star certified.
