

3005

3005-GU

The 3005 features a diffuser holder made of stained nickel. The diffuser holder also includes housing and cylinder shaped acrylic diffusers. The acrylic diffuser distributes the light output evenly, and it softens the light to create a more comfortable atmosphere. The satin nickel provides a modern touch in the applied location. With a thin long shape and features, the 3005 is perfect for bathroom use. Installation of these fixtures is very easy, and they will add a warm touch to any applied space. The 3005 is FCC certified, UL listed and Energy Star certified.
