

5000

5000-GU

The 5000 exterior wall lantern is a modern and economically efficient light fixture. The wall lantern is designed for the economically conscious, and uses an advance photo-control for automatic dusk-to-dawn operation. The system saves energy by automatically turning on or off, depending on the time of day. The fixture is made with a black textured plastic housing and a white glass shell, and is installation friendly. The 5000 is FCC certified, UL listed and Energy Star certified.
