

5005

5005-GU

The 5005-GU213 is a perfect lighting solution for any outdoor use. This fixture can hold two (2) light bulbs at the same time, providing ample light for any purpose. A rubber seal is placed between the glass shell and the body, and a light sensor is also built-in, allowing users to save more than half of their energy. This fixture is an energy saving, durable, and modern looking outdoor lamp effective for applications such as pool lighting, patio design, and storage light sources. The 5005-GU213 is FCC certified, UL listed and Energy Star certified.
