

# 5013

## 5013-GU

The 5013 Vantage wall lantern is one of the best choices to decorate the home from the outside. The housing of the fixture is made from aluminum with black paint, and the glasses are frosted. The frosted glass on the fixture creates a comfortable light output and reduced glare, while still providing a warm atmosphere. The fixture itself is installation friendly, and the GU24 energy-saving bulb is easy to replace. This fixture also features a light sensor, which will cut down the consumer's maintenance and cost. This fixture designed for both residential and commercial outdoor applications. The 5013 is FCC certified, UL listed and Energy Star certified.
